

AQUALINE

SCHEDULE 80 IN-LINE SPRING CHECK VALVE

Reliable backflow protection for
demanding systems.

**Prevents backflow instantly
with a spring assisted design
for reliable one-way flow.**

**Schedule 80 PVC construction
delivers added strength for
higher pressure applications.**

**Ideal for pumps, irrigation,
filtration, and industrial systems
where performance matters.**

**Compact in-line design fits
easily into tight system
layouts.**

Schedule 80 In-Line Spring Check Valve - Threaded

ITEM	SIZE	BOX QTY
CVIP-050	1/2"	175
CVIP-075	3/4"	100
CVIP-100	1"	70
